TEQUILA LOCKER DETAILS

Enrique's Mexican Restaurant is pleased to be the first restaurant to feature TEQUILA LOCKERS in Idaho! Purchase your tequila locker with your choice of alcohol. Each locker receives a personalized nameplate and a special place in our Tequila Room for guests to see. Each time you come in, you can drink from this bottle, whether a shot or a mixed drink.

The liquor must be officially purchased before the customer can consume from the bottle. If the customer drinks their initial liquor before the three months have ended, a second liquor must be purchased to replace it. There must always be liquor in the customer's locker to stay active. Enrique's Mexican Restaurant may allow a 14-day grace period to purchase a second bottle, beginning when the initial liquor is empty. The grace period does not affect the three months.

If the chosen liquor is a special order and is unavailable at the time of purchase, the customer will be given an extension to their three-month period. The extension depends on the number of days from the date of arrival of liquor to the date of purchase. The customer must choose another if the liquor is not found in the Idaho State Liquor Division system.

Locker Rental Fee

There is a \$50 Locker Rental Fee to book a Tequila Locker. The Locker Rental Fee must be paid every three months. The date begins once the transaction has been processed or the customer's liquor is available. A receipt is used to confirm the transaction date.

Locker Renewal

Once the three-month period has ended, the customer may renew their Tequila Locker by paying the locker rental fee. Customers who have purchased three liquor bottles before their renewal do not need to pay the renewal fee. The renewal date begins when the payment is received towards the locker.

Customer may refuse to renew their tequila locker at no further expense.

Locker Expiration

When the three-month period has ended, and the customer does not wish to renew their locker, Enrique's Mexican Restaurant will remove the customer's liquor from the shelf space. Customer may choose to end their Tequila Locker at any time, but their liquor will no longer remain on the tequila shelf once it is finalized.

If the customer finishes their liquor and does not return to purchase a second liquor, Enrique's Mexican Restaurant has the right to move their tequila locker to another shelf of their choice. Once 14 days have passed since the liquor has finished, Enrique's Mexican Restaurant may remove the customer's Tequila Locker.

To renew their Tequila Locker after it has been removed due to non-payment or having an empty locker, they must pay the Rental Fee and purchase a new liquor. If the Tequila Locker Member continues this routine, Enrique's Mexican Restaurant has the right to discontinue the member from buying a Tequila Locker for a time or permanently.
